# ABOUT US

Shacman (Shaanxi Automobile Group Co., Ltd.) is a prominent Chinese manufacturer of heavy-duty trucks and military vehicles, established in 1968 and headquartered in Xi'an. Master Motor has partnered with Shacman to introduce a curated line up in Pakistan, marking a significant advancement toward localized manufacturing.

With global partnership such as Cummins & WEICHAI, Shacman has a strong presence in over 140 countries and is renowned for its reliable, high-performance trucks. The company is also recognized for its innovation in new-energy and autonomous vehicle technologies.

**WEICHAI**

WEICHAI, one of the world's top diesel engine manufacturers, provides the power for Shacman trucks, delivering up to 380HP of surging power.

**HANDE AXLE**

The HANDE axle adopts cutting-edge technology and has the advantages of strong carrying capacity and higher torque performance.

**Fast**

FAST, the world's largest supplier by market share, supplies transmissions that balance economy and reliability.

## ABOUT MASTER GROUP

Master Group of Industries; a story of heritage and legacy. We are one of the oldest and most trusted brands of Pakistan for over half a century. Master Group was established in 1963 and started its operations in the mattress industry, with a modern and realistic approach towards growth through innovative technology and manufacturing quality products. Since then, the group has expanded into the automotive, textile, furniture, engineering and renewable energy sectors. The group believes in developing long-term business relationships with both local and international stakeholders across industries. It strives for the progress and prosperity of Pakistan through leadership in industrialization, innovation, and corporate social responsibility.

Each member of the conglomerate employs cutting-edge transmutation methods in the production of goods that meet or exceed global benchmarks. We're now the most prominent business organization in Pakistan, and we've used that position of leadership to acquire our basic principles and continue expanding in a variety of ways that benefit the economy and create jobs.
